

Project Demo Planning

Date	13 July 2026
Team ID	xxxxxxx
Project Name	Voice Based Concept Understanding Analyzer
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce VBCUA, explain why evaluating conceptual understanding from speech is important.	2	Nikhil
2	Project Overview & AI Pipeline	Explain Whisper, Sentence Transformers, concept scoring, PDF generation, and overall workflow.	3	Nikhil
3	Live Feature Demonstration	Upload audio, perform transcription, semantic analysis, display score, grade, and feedback, then download PDF report.	4	Vamsi
4	Results & Performance	Explain similarity score, grading logic, sample outputs, supported formats, and system performance.	2	Vamsi
5	Future Scope & Conclusion	Discuss future enhancements such as microphone recording, multilingual support, dashboards, cloud deployment.	2	Vamsi
6	Question & Answer Session	Respond to questions from faculty and evaluators.	2	All Members

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the objective of VBCUA and why speech-based concept evaluation is useful.
2	Project Overview	Describe the AI workflow: Speech → Whisper → Semantic Analysis → Score → PDF Report.
3	Live Feature Demonstration	Upload an audio file, generate transcription, calculate similarity score, display grade and feedback, and download the PDF report.
4	Q&A Session	Answer faculty questions, explain model performance, and discuss future enhancements.
